Will most likely be the way I go. 😊

don't buy resale unless on TM or Twickets, only official way

Agreed! Hopefully those tickets will get cancelled

You will never ever get a ticket on twickets. Fairly small company, their net code is probably scalp heaven.

Already two automated purchase scrips updated on github just made by normal people.

These resale sites invest in bots to purchase the tickets and they isn'tnly go up on their own site. Hell, I've battled bots for big club events in bristol on ticketswap.

This anti scalping from oasis management is just empty threats and we need to stop beating around the bush on it

I've used Stubhub plenty of times in the US, not in the UK now that I come to think of it. The ticket would be transferred via Ticketmaster so should be legit.

Even that's crashing!

No one will buy these tickets haha. 800 is waaaay to much even for a middle class person.

Won't these get cancelled anyway? Bc you can only resell on twickets and ticketmaster right?

I'm not sure how they can prevent GA tickets being sold there.

Ah yeah, fair enough. I guess if they eliminate transfers that solves it. Kind of a shame you can't give tickets to friends/family but that's probably fine on the balance of things.

Are they going to eliminate transfers though?

I assume for the scalpers they don't care as long as they've got their money out of this.
